

Children First

Tusla has worked with the DCYA and HSE to develop a universal e-learning training programme called 'Introduction to Children First'.

TUSLA

The programme has been written to support people of all backgrounds and experience in recognising concerns about children and reporting such concerns if they arise

The programme is based on Children First: National Guidance for the Protection and Welfare of Children and the Children First Act 2015:

The programme takes approximately 1.5 hours to complete but it can be done in a number of sittings. The programme will allow you to log back in and resume where you left off.

You will need to create an account using an email address to log in and complete the programme. This allows you to complete the training gradually over time. When you have completed the programme, you will receive a certificate of completion directly to your email address.
